VOLUME VII—NUMBER 111

PADUCAH, KY., TUESDAY EVENING, APRIL 30, 1901

10 CENTS PER WEEK

IT WAS HEARTY

President McKinley and Party Were
Tendered an Ovation Every-
where.

M'CORMICK'S SUCCESSOR

Dr. Connell, of Owenton, Will Probably
Succeed Him—Another Hanging to
Take Place at Danville.

L. & N. STOCK STILL ON THE JUMP

Memphis, April 30.—Elaborate
preparations have been made to welcome
President McKinley, who arrives at
4:30 o'clock.

An address of welcome will be de-
livered by Governor McMillan, to
which President McKinley will re-
spond.

OVATION ALONG THE LINE

Huntsville, Ala., April 30.—The
scenes of yesterday attending the pas-
sage of the presidential train were re-
peated all along the route to Memphis
today. At all the large towns there
were brass bands and immense crowds
to welcome the president and
party.

Here President McKinley made one
of his happiest speeches to a vast
throng. His reference to the ex-con-
federates and the satisfaction of hav-
ing them welcome him so warmly
raised the most enthusiastic ovation
ever tendered any man in this part
of the country.

Mrs. McKinley was literally show-
ered and almost covered with flowers
as she stood on the car platform.

M'CORMICK'S SUCCESSOR

Frankfort, April 30.—It is said that
Gov. Beckham will this afternoon
issue an order removing Dr. McCor-
mick as superintendent of the Hop-
kinsville asylum on the report of
State Inspector Hines.

It is said that Dr. Connell, of
Owenton, will be Dr. McCormick's
successor. The removal of the latter
is certain to raise a storm of indig-
nation among his large following.

THE SECOND DEATH SENTENCE

Danville, April 30.—The record has
been broken at the present term of cir-
cuit court here by the infliction of two
death penalties.

Eugene Montgomery was today given
the death penalty for murdering "his
little three-year-old child for \$80 life
insurance.

Rube Quinn, for killing Officer
Cram, was given a death sentence only
a few days ago. Both men will prob-
ably hang on the same day.

STILL CLIMBING

New York, April 30.—There has
been unprecedented dealings in all
stocks today. L. & N. stock went to
a dollar and eleven, a new high re-
cord.

CONFESSES TO MURDER

Kansas City, Mo., April 30.—Dr. J.
G. Gartrell, aged 70, for many years a
prominent physician, confessed to-
day to murdering P. Donagan, a Colo-
rado miner, for his money last Sat-
urday.

GAS WORKS.

SEVERAL THOUSAND DOLLARS
TO BE SPENT IN

Improvements—The Plant Proper to
Receive Attention First—The Mains
to Be Relaid.

Supt. Lane, of the Paducah Gas
company, has just completed an in-
spection of the property of the Gas
company and has made out an esti-
mate of the cost for such repairs as
he has seen fit to make.

"We will lay an entirely new sys-
tem of piping," he remarked in an
interview today, "from the mains on
down and the amount expended for
such purposes will come somewhere
between \$30,000 and \$40,000. The
expense of the ditch labor alone will
cost us not less than \$15,000. We are
at work at present on the Gas plant
proper and as soon as these repairs
are completed we will go to work on
the streets. The people of this city
will be given a much better gas ser-
vice than heretofore."

The contractors went to work on a
big coal shed in the company yards
this morning and machinists are still
at work overhauling the machinery in
the building.

Mr. Coffee, who has been out of
the city, for the past week, is ex-
pected back today and a more definite
report of the company's intentions
will be published.

BASEBALL NEWS.

TWO PADUCAH BOYS JOIN THE
ST. JOE BASEBALL CLUB.

Messrs. Loton Plumlee and Billy
Inglett, both members of the "Marble
Hall" ball team, have received an
offer from the St. Joe, Mo., baseball
club. The telegram was received this
morning and an answer of accept-
ance immediately sent back. They
will leave tomorrow at noon for St.
Joe to join the team. Mr. Ed Pel-
gum, who played with the L. A. L.
team, of this city, two years ago, is a
member of the St. Joe club and is one
of its best men. With the resignation
of Plumlee and Inglett a big hole is
made in the Marble Hall team's
strength, but a meeting will be held
tonight and other players secured to
fill the vacancies. The Marble Hall
team will also elect a manager tonight
and it is tipped that Mr. Sam Jackson
will be the lucky man.

The Metropolis club has written for
a date which will probably be secured
for Sunday a week. The club will
also arrange for running excursions to
the many nearby river towns on Sun-
days and other business of importance
will be transacted. All members of
the team are requested to attend the
meeting.

BIG DAMAGES

Luther Henon Awarded \$15,000
Against the Illinois Cen-
tral Railroad.

LOST HIS RIGHT ARM

The Jury at Smithland Gave Him
All That He Asked
For.

A MOST UNUSUAL RAILROAD SUIT

One of the most unusual verdicts
ever rendered in a Southwest Ken-
tucky court was returned in the
Smithland circuit court late yester-
day afternoon in the suit of Luther
Henon against the Illinois Central
railroad for \$15,000 damages for the
loss of his right arm.

Young Henon is a minor, and was
employed on a gravel train up about
Grand Rivers.

It seems from the evidence he was
ordered on the gravel train, and with
a shovel in one hand, climbed on the
tender of the locomotive.

The engine backed to make a coupl-
ing, and when it hit failed to couple,
and Young Henon was knocked off
and fell in such a manner that his
right arm was cut off by the wheels.

He sued for \$15,000 damages, and
the jury gave him \$15,000, all that he

asked.
This is one of the largest judgments
ever given in Kentucky for accidental
injury. There is only one that ap-
proaches it in this end of the state,
and that was the verdict in the circuit
court here in the case of Fred Stew-
art, now deceased, who lost both legs
in the yards while employed as switch-
man. The last trial of the case re-
sulted in a verdict for \$15,000, and
the case is now pending in the court
of appeals.

W. F. Henon, father of the young
man yesterday awarded \$15,000 at
Smithland was given \$600 by the
jury in the same court last Friday for
the loss of his son's time. He sued
for \$1,825.

The railroad attorneys will ask for
new trials in both cases, and if they
fail will take appeals.

THE MATE SHOT

A TROUBESOME NEGRO HAD
TO MAKE HIMSELF
SCARCE.

This morning about 4:30 o'clock
the City of Memphis was discharging
freight at the wharf when a crowd of
Paducah negroes began annoying the
rousters.

The mate ordered them away and
all left but one. This man picked up
a handful of rocks and began throw-
ing at the mate.

The mate drew his pistol and shot
twice at the negro, but did not hit
him. The negro escaped, and the po-
lice failed to learn his name.

A DAILY THOUGHT.

By far the greatest thing a man can do for his city is to be a good man. Simply to live there as a good man, as a Christian man of action and practical citizen.—Drummond.

NO LOCAL PARTY, NO NATIONAL PARTY.

A local political party is only an integral part of a state political party, and a state political party of the national party. If Republicans expect to preserve intact their national party and their state party, they must maintain their local organizations. There has been in the past too much straying after false gods among some of the Republicans. A laxity in local affairs disorganizes and demoralizes, and should be remedied if for no other reason than that the opponents of Republicanism usually present an unbroken front of well organized forces. The old motto, "United we stand, divided we fall," and the kindred proverb, "In union there is strength," are worthy the earnest consideration of Republicans everywhere. When ever the Democrats cease to bring politics into municipal, county or state affairs, it will be time enough for Republicans to consider the plan. There must always be a local organization, for if there be no local organizations, there can be no national party.

In municipal politics there is doubtless little involving national issues, yet the municipal organization is indispensable to the party as a whole, and should support those who are a part of and help support it. It must stand, for it will always be opposed by organized party force. There is nothing to gain by indifference to party principle in municipal affairs, and one element of party principle is unity.

A pull together is better than a pull apart, even though nothing is accomplished by the end.

Congressman Chas. K. Wheeler, in an interview recently published, stated significantly that the First district had for several years presented Kentucky from going Republican. The First congressional district, because of the Democratic majorities it has long rolled up, has been given the name "Gibraltar district." Yet, for some reason, the Democrats in the First district never get anything. In the lists of men who have held the more important state offices, and been elected to the United States senate in Kentucky, where are to be found any from the great "Gibraltar district?" There are a few, no doubt, but how many governors has the First district produced, and how many illustrious Democrats of the district that "prevent Kentucky going Republican" have had an opportunity to immortalize themselves in the United States senate? If the First district is so essential to the Democratic party's success in Kentucky, why is it that so few representatives of the district ever get anything? Are they too lazy to try, too timid to ask, or too insignificant to be heeded? They seem to be a badly mistreated set. They need a little "get up and get." If they hold the balance of power in Kentucky, they deserve something. The truth is, the Democrats in the First district seem to have no leader capable of enforcing its demands. The party gets its votes and then laughs at it. If it has claims, they remain unheeded. All the First district Democrats ever gets is a few small offices and a vote of thanks, with the privilege of "keeping the district from going Republican" again next time. It is perhaps nothing to the Republican party, but every man with any pride in his own particular section of the state desires to see men from his district get what they are entitled to. If the offices must go to Democrats, the Republicans in the First district would prefer seeing them go to First district men. Yet the Democrats of the First district never murmur. They plod along with assinine contentment, and continue to "keep the state from going Republican." They do all the work and somebody else runs away with the plunder. They act like a lot of dead ones.

The city council has taken no steps to abolish the office of city marshal. It evidently intends to leave it as a sinecure for some one to hold four years after the city goes into the second class.

Says the Mayfield Messenger: "The we" of this office spent Sunday

Hon. James M. Head, Tennessee member of the National Democratic committee, is quoted as saying in regard to Mr. W. J. Bryan's announcement that he would not again be a candidate for the presidential nomination. "It is no more than might have been expected by those who understood the mental calibre and the political aspirations of the man." No, doubtless not! It requires a man of colossal intellect to realize that he is not the choice of the people after two successive defeats for the presidency, and after discovering it, to magnanimously abandon his efforts.

Rev. Dr. William S. Rainsford, of St. George's church, New York, has brought a storm of criticism down on his unhalloved head by declaring at a public dinner that "it was all d—d rot to lay the blame for the war in China on the missionaries." Rev. William stands pat, however. He still asserts that it was "d—d rot," and that "d—d" is good English and its use often justifiable. When he read all the papers had to say on the subject, "d—d" was probably a mild term compared to what he then said. Rev. William has yet to learn that the privilege of swearing does not extend to preachers and women.

Callahan, the alleged Omaha kidnapper, was acquitted by the jury. The judge tipped it a red roast when the verdict was rendered saying: "Had Callahan made his own choice of a jury he could not have selected twelve men who could have served him more faithfully. If the state had made the selection, I know of no man it could have named who could have been less careful of its interest. The jury is discharged without the compliments of the court and the prisoner likewise released. I presume to continue his criminal practices in which you have failed to check him. I do not know what motive actuated you in reaching this decision, but I hope none of you will ever appear again in this jury box."

THE DERBY.

HIS EMINENCE WINS EASILY AT LOUISVILLE YESTERDAY.

Louisville, Ky., April 30.—His Eminence won the Kentucky derby; Sannozarro second and Driscoll, third. Alard Schreck the favorite, was last. Fifteen thousand people saw the race. One hundred thousand dollars was bet on the race. Schreck carried two-thirds of it. His Eminence was strongly backed by the Bluegrass contingent. His Eminence made his own pace and was never in trouble. The time was 2:07 1/2. This was as good as Ben Brush made in 1896 when the Derby was cut from a mile and a half to a mile and a quarter.

SMALLPOX SCARE.

ONE CASE DISCOVERED AT WATER VALLEY, GRAVES COUNTY.

Dr. J. J. Shell, of Mayfield, was called Saturday night to Water Valley to see a man named Henry who was thought to have smallpox. The doctor pronounced the case a genuine one and well developed. Arrangements were made to have this patient isolated and there is no fear of the disease spreading.

JACK M'CLELLAND LICKED.

Louisville, Ky., April 30.—Dave Sullivan knocked out Jack McClelland in the twenty-first round of a twenty-five round go before the Southern Athletic club last night. The deciding blow was a left hook on the jaw, and it took several minutes to bring McClelland around.

MARRIAGES AT FULTON.

There were two marriages at Fulton Sunday. Jas. E. Gleason and Miss Dora M. Chatham, an eloping couple from Marion, Ill., were married by Squire Roberts, and Lon Clark and Miss Barlie Barnett, of Water Valley, by the same official.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The Democratic candidates have reached the "poetry" stage. The public need be surprised at nothing now.

A great many things have in past years been brought into local politics, but this is the first time the candidates ever attempted to drag the nurses into a campaign.

Callahan, the alleged Omaha kidnapper, was acquitted by the jury. The judge tipped it a red roast when the verdict was rendered saying: "Had Callahan made his own choice of a jury he could not have selected twelve men who could have served him more faithfully. If the state had made the selection, I know of no man it could have named who could have been less careful of its interest. The jury is discharged without the compliments of the court and the prisoner likewise released. I presume to continue his criminal practices in which you have failed to check him. I do not know what motive actuated you in reaching this decision, but I hope none of you will ever appear again in this jury box."

THE DERBY.

HIS EMINENCE WINS EASILY AT LOUISVILLE YESTERDAY.

Louisville, Ky., April 30.—His Eminence won the Kentucky derby, Sanzaro second and Driscoll, third. Alford Schack the favorite, was last. Fifteen thousand people saw the race. One hundred thousand dollars was bet on the race. Schack carried two thirds of it. His Eminence was strongly backed by the Bluegrass contingent. His Eminence made his own pace and was never in trouble. The time was 2:07 1/2. This was as good as Ben Brush made in 1896 when this Derby was cut from a mile and a half to a mile and a quarter.

MARRIAGES AT FULTON.

There were two marriages at Fulton Sunday. Jas. E. Gleason and Miss Dora M. Chatham, an eloping couple from Marion, Ill., were married by Squire Roberts, and Lon Clark and Miss Barlie Barnett, of Water Valley, by the same official.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer no hundred dollars for any case it fails to cure. Send for circulars and testimonials.

CALLED MEETING.

COUNCIL HELD A SESSION LAST NIGHT AT THE CITY HALL.

The Supervisors' Report and the Return from the Census Enumerators Were Adopted.

The council met in called session last night with all members present excepting Councilmen Jones and Hyman. The report of the census committee, showing a total of 21,457, was read, received, filed and concurred in.

A bill providing for the drafting of an ordinance and the preparation of the necessary papers to place Paducah among the cities of the second class, was introduced, and given first reading.

A motion was made and carried to allow Mr. W. W. Lyon, who has just finished a map of the city, \$80 on account.

A petition from the property owners on South Nineteenth street relative to paying for street improvements, was read, and referred to the street committee and city attorney.

The report of the board of supervisors was read, received, filed and concurred in. It shows \$7,817,360 worth of property assessed to white persons and \$173,620 to colored, making a total of \$7,990,980. The white polls number 3,229 and the colored 1,392.

A resolution to receive the assessors' book for the year 1901 was made and passed.

The matter of having the Water company to extend its mains to Rowlandtown was brought up and referred to the light and water committee.

The mayor remarked that the recent serious fire which destroyed Mr. Rottger's dairy barn, showed fully that Rowlandtown was not well protected from fire and that some action should be immediately taken and he suggested an immediate conference with the Water company.

A petition from the residents of South Tenth, near Husbands street, asking for an extension of the water mains one square south of Husbands on Tenth and agreeing to pay all the dues for two years, was read and the Water company instructed to lay the mains.

The residents of Court street asked permission to lead their horses on the pavement during carnival week, as they were prevented from obtaining access to their residences in the usual way by the booths to be used in the street fair. The permission was granted.

The council by motion then adjourned.

QUITE MYSTERIOUS.

ALL THE SUSPECTS TURNED OUT OF JAIL WITHOUT EXPLANATION.

The cowardly murder of Flanagan Hugh Lucas, of Wingo, Ky., while in the discharge of his duty near Arlington, is still a mystery.

A number of tramps had been arrested suspected of the crime, eight being in jail at Cairo.

Yesterday they were all released, but what significance this has is not stated. The report that young Lucas was killed by the brother of a young lady in Dyersburg is believed by a great many. It is even reported that the young man has confessed.

The air of mystery that surrounds the later developments would indicate some semblance of truth in the reports. If it had not been discovered who committed the crime, the tramps, who acknowledge to being on the train, would probably not have been so suddenly released.

DECIDED ON DEATH.

NOTED NAVAJO CHIEF SHOT BY MEMBERS OF HIS OWN TRIBE.

Albuquerque, N. M., April 30.—A Navajo Indian boy, who is attending the government Indian school here, has received a letter from his parents telling him that members of the Tribe had to shoot and kill Hostien Boettin Bogan, a noted chief.

Hostien for years had been considered partially demented and very dangerous. He had brought about on several occasions serious trouble between white settlers and Indians, and in November, 1899, when deputy sheriffs went to arrest some turbulent Navajos, he led the fight against the officers, when several of the latter were killed. Since then he attempted to rule a small band of Navajos, and became so threatening that they held a council of war and shot him dead. The affair occurred on the reservation, west of this city.

PETITION IN BANKRUPTCY.

JOHN W. MOORE FILED HIS PAPERS THIS MORNING.

He has one or two thousand dollars in property throughout the city which he gives in as his assets. Moore was recently fined \$400 in circuit court for maintaining a nuisance and was also beaten in several suits for debts. His troubles since that time have been multiplying and this morning he filed a bankruptcy petition as a relief.

Fame Thru Upon Nesbit.

James B. Nesbit, whose name has come into prominence in Missouri in connection with the Nesbit election law, is a quiet country gentleman upon whom fame has been thrust by circumstances. He had nothing to do with the bill that has given his name notoriety except to introduce it in the Missouri legislature. It is said to be doubtful if he even read the bill prior to its introduction.

Platt of Golden Hair.

A beautiful plait of golden hair, measuring two meters and 50 centimeters, has been very much admired at the Paris exhibition. This wonderful hair belonged to a young Normandy girl, who, to pay a family debt and save her father's good name, sold it to a hair-dresser for 300 francs. He in turn sold it to a Parisian coiffeur for 1,000 francs, and now it is the property of a lady who desires the strictest incognito to be kept, and who paid 3,000 francs for it.

NEW TIME CARD.

ONLY ONE CHANGE IN THE NEW SCHEDULE.

Superintendent Wallace Here—Mr. David Sloan's New Position—Other Railroad Notes.

The new time cards for the Louisville and Evansville division of the Illinois Central arrived this morning and will go into effect tomorrow. The only change made is in the train from Memphis, east bound. This train has been arriving in Paducah at 11:45 and departing at 11:50, but under the new arrangement it will arrive at 11:30 and leave at 11:35. This will enable the St. Louis train to make good connection. Heretofore if the Memphis noon train was delayed it would throw the St. Louis train behind time, but under the new time card this defect is largely remedied.

Superintendent H. U. Wallace, of the Louisville division of the Illinois Central, is in the city on business.

There will be a general reorganization of the operating department of the Illinois Central, effective tomorrow. All lines north of the Ohio river are to be made one grand division. The Omaha district will extend from Council Bluffs to Mona Junction and will be in charge of G. A. Clark, as superintendent, with headquarters in Fort Dodge, Iowa. The Dubuque division will extend from Mona Junction to the west switch at West Junction, Freeport, including the Albert Lea and Cedar Rapids districts, and will be under the jurisdiction of E. B. Harman, as superintendent, with an office in Dubuque, Iowa. The Freeport division will extend from the west switch at West Junction, Freeport to the west limit of Hawthorne yard. Chicago, so far as transportation matters are concerned, and to the junction with the St. Charles Air line in regard to road questions; also over that portion of the present Amboy division between Freeport and the north switch in Clinton, and will include the Madison and Dodgeville districts. This system will be in charge of Superintendent Baker, with headquarters in Freeport, Ill.

East of the Mississippi the Springfield division will be made up of the main line from Gilman to East St. Louis, the Havana and Decatur districts and that part of the present Amboy division between the north switch in Clinton and Branch Junction. This district will be looked after by D. S. Bailey, as superintendent, with an office in Clinton, Ill.

The Rantoul line, now a part of the Springfield division, will be transferred to and operated as part of the Chicago division and will be known as the Rantoul district.

Mr. David Sloan, whom Mr. W. J. Harahan succeeds as chief engineer, will be appointed chief engineer of construction to succeed H. W. Parkhurst, who is made engineer of bridges and buildings.

The gross earnings of thirty-three roads for the third week in April, were \$5,016,172, against \$4,446,131 for the third week in April 1900, an increase of \$570,041. Twenty-two roads show increases and eleven decreases. Since January 1 the roads referred to above earned \$78,420,889, an increase of \$1,105,806 over the \$77,315,083 reported for the corresponding period of 1900. For the longer period twenty-four show increases and nine decreases.

English Sympathizer Rewarded. The Rev. James Gray, formerly Presbyterian minister in Pretoria, has been appointed by Lord Roberts acting librarian of the library there. Jerusalem Artichokes. Jerusalem artichokes do not come from Jerusalem. The plant is not a native of the holy land. The Jerusalem artichoke is a sunflower, and gains its name from the French word "girasole," meaning "plant which turns toward the sun."
